If such damage is noted prior to facility use by the applicant, it should be brought to the attention of the designated supervisory staff in the building.

Any organization or individual, regardless of classification, will be required to pay the cost of a designated staff member if its use of the facility would result in direct costs to the school district. For those facilities where a custodian is regularly on duty during the rental, there will be no additional charge unless additional work is required related to the use or unless the group is over 50 people.

Personnel services will include a minimum of 30 minutes before and 1.5 hours after the scheduled event time.

Large groups and/or special events impact sites and require a higher level of service as well as accommodations. Large groups/special events necessitate additional planning and coordination, impact available parking, traffic control, utilities, and restroom facilities on site and require additional clean-up.
