

**THOMPSON SCHOOL DISTRICT R2J
ROBOTICS
PARTICIPATION PERMISSION FORM**

Date _____

Dear Families:

Your child has requested to participate in Robotics for the 2013-2014 school year.

Robotics is a hands-on STEM (Science, Technology, Engineering, and Math) enrichment program where students build and program robots either as part of a club or competitive team. Some teams additionally complete research projects.

[How the team will be supervised]

Transportation to and from meetings and in-district events is the parent or guardian's responsibility. The District cannot and does not assume any responsibility for the safety of the driver or passengers, training of drivers, condition of vehicles, adequacy for the use or purpose intended or any other matters related to any non-District transportation.

Participants might use hand tools, scissors, paints, markers, sewing items, wire, weights, etc. and engage in strenuous activities while working on a team. While accidents and injuries are rare in the program, there is a risk of injury to participants at meetings, practices, competitions and when traveling to and from scheduled activities. No amount of instruction or precautions will totally eliminate all risk of injury. The obligation of parents and children in making a choice to participate in an activity where the risk of injury may be inherent cannot be overstated. Participants have the responsibility to help reduce the risk of injury by participating in the activity in a safe and effective manner.

For more information visit www.action-works.org or contact Michelle Stout, 613-5057, Gifted and Talented Parent Liaison/Resource Enrichment Center or your child's teacher.

Name(s) and phone numbers of sponsors/coaches (circle appropriate status):
